

More Checks Is Better

- ☐  Videos are getting consistent views on average  (not random outliers)
- ☐  Recent videos are Consistent views on average  (not random outliers) -> 7:1 banger to flop ratio.
- ☐  Has competitors 
- ☐  Can find at least +2 competitors doing well 
- ☐  Can't find **any** failing competitors doing similar quality (and recipe)  (CRUCIAL)
- ☐  Somewhat of an entry barrier?  [not required]
- ☐  Is this niche in its emergence stage?  (if confused, watch my niche research video)
- ☐  The recipe/format is clear and we know why it's working & its audience 
- ☐  Monetizable ?  (obviously, lol)

1. PIONEERS
2. EMERGENCE (EARLY FIRST MOVERS) -> **where we wanna be**
3. MASS ADOPTION
4. SATURATED

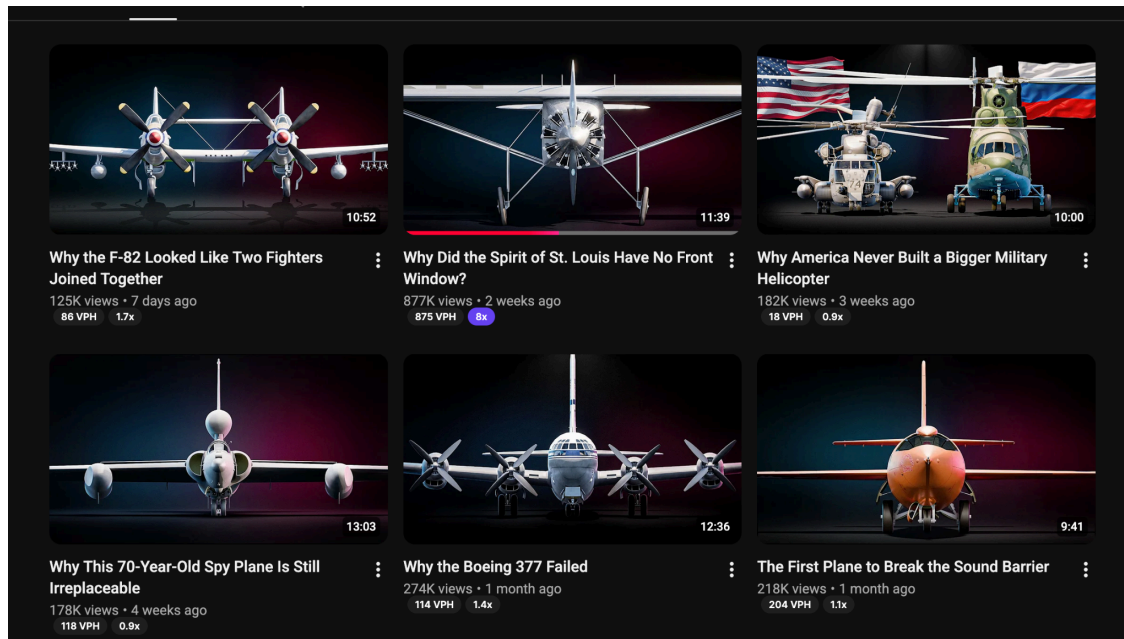

BANGER TO FLOP RATIO + SMALL CHANNEL -> FASTEST WAY TO MONETIZE:

- ☒ ~~BANGER TO FLOP RATIO -> 10:1 (IDEAL)~~ 
- ☒ ~~VIDEOS POSTED -> LESS THAN 30 (IDEAL)~~ 

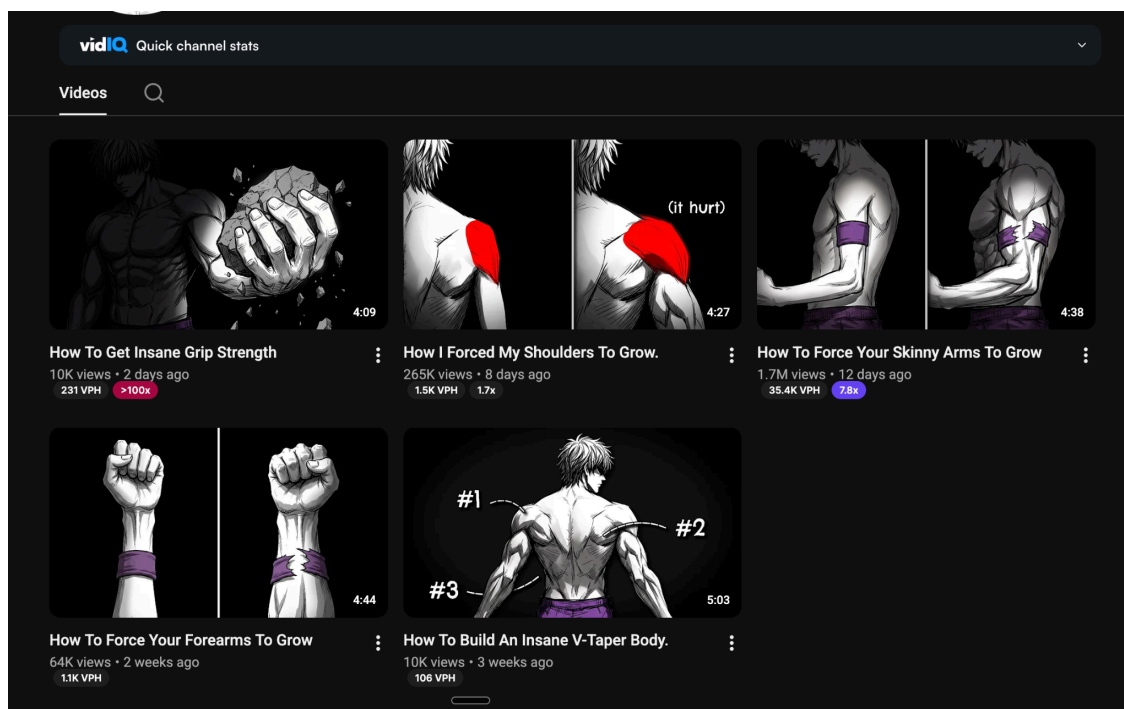

Banger to flop ratio explains the phenomenon of a 'winning format' if the banger to flop ratio is high, this means that the competitor has found a winning format with so much demand and not enough supply, and usually, it's the fastest way to monetize.

- ☐ Bonus points if you make sure it's an evergreen/long term opportunity before executing

EXAMPLES !

(Good banger to flop ratio. Pretty much 6:0) 😎

(Bad banger to flop ratio. 2:3) 🤔
